Irisity in brief

Irisity AB (publ) is a leader in AI-based video analytics. Our proactive and self-learning algorithms can upgrade new and existing surveillance systems and cameras to actively alerting units. Irisity's SaaS solution IRIS™ allows attention to be focused on actual incidents instead of false alarms. Irisity's AI algorithms offer high precision and are able to detect human activity at long distances and in all light conditions.

The IRIS™ algorithms are adapted for a number of applications, including surveillance of critical infrastructure and schools, night-time supervision of elderly in their homes, and guarding various kinds of restricted areas.

The machine learning employed by Irisity's algorithms is one of the most substantial on the market, with a learning experience of more than ten years and millions of situations.

With an offensive growth strategy in one of the world's largest and fastest growing segments, we are increasing our pace of innovation and expanding our SaaS offer IRIS™ internationally.

Products and services

We provide a number of intelligent camera surveillance concepts based on Irisity's patented AI algorithms. These include: School Guard™, Construction Guard™, Area Guard™, the IRIScare™ e-health service for night-time supervision, the intelligent parking solution IRIS Parking™, and PeopleMetrics™.

Comments from our CEO

The SaaS (Security as a Service) business segment has developed successfully during the period, in the Nordic Countries as well as internationally. The company is now involved in cooperations and technology assessments with close to 40 companies in 18 countries.

Irisity maintains a strong innovation capacity and continues to invest in R&D, organization and internationalization. The new platform IRIS Cortex will be launched during the year, including several new algorithms. The company now holds 26 patents and outstanding patent applications within nine patent families.

Irisity's goal is to be the ethical AI company; to develop algorithms that protect assets and people rather than invade personal privacy.

The liquidity is satisfactory (MSEK 22 at the end of the period), and in compliance with the plan.

Number of shares

Irisity AB (publ) has 19,069,351 shares outstanding as of 31 March 2019. A non-cash issue carried out during the period increased the number of shares by 1,494,007 to 19,069,351, and the share capital by kSEK 134 to kSEK 1,716. The acquisition price for Visionists AB amounted to MSEK 31.7.

Ownership

Irisity AB (publ), org. nr./Reg. No. 556705-4571 is a public company listed on Nasdaq First North under the ticker IRIS. The shareholder overview describes the situation as of 31 March 2019, when 3,630 shareholders were registered.

Risk factors

The group's key risks and uncertainty factors include operational risks as well as risks that relate to market and technology development, patents, competitors and future funding (such as risks related to securities, for example share price development, volatility and liquidity). Investors are urged to make their own assessments of each risk factor and their respective impact on the group's future potential. The above-mentioned risk factors are presented in no particular order and the list should not be regarded as exhaustive.

Incentive scheme

In August 2015, an extraordinary general meeting decided to approve the suggestion made by the main owners and the board to implement an incentive scheme for the staff, the board, key management personnel and future recruitments. A conversion has taken place to reflect the issues of new shares registered with the Swedish Companies Registration Office in 2018. The schemes are fully subscribed by the staff and the Management Board. The "2015 Syntetiska optioner" (2015 Share Appreciation Rights) and "2015/2018 Teckningsoptioner" (2015/2018 Warrants) schemes have been terminated, and the "2015/2020 Teckningsoptioner" (2015/2020 Warrants) is the only one that remains. If fully exercised, the dilutive effect would be 1.4 percent.

Significant events after the end of the period

Anders Långsved has been elected as new member of the Managing Board by the general meeting.

Accounting policies

The interim financial report is prepared in accordance with the recommendations and statements from the Swedish Accounting Standards Board, as well as the Swedish Annual Accounts Act. The accounting policies applied in this interim report are the same as those used in the most recent annual report. The accounting policies applied are the same for the Group and for the Parent Company. Goodwill arising on the acquisition of Visionists AB is depreciated over five years.

The financial result and position of the Group and the Parent Company

The financial result and position of the Group and the Parent Company in general is set out in the income statement and balance sheet below.

Related party transactions

No transaction with related parties which significantly affected the result or financial position of the Group took place during the period. The related party transactions that took place in the Group and its companies during 2018 are provided in the last annual report (note number 5).

True and fair view

The Managing Board has mandated the CEO to publish the report. The Managing Board and the CEO confirm that this report provides a true and fair view of the Group's operations, position and performance, and describes material risks and uncertainties faced by the Group. This report has not been reviewed by the company's auditors.

Financial overview

Net sales and result

The Group's net sales during the quarter amounted to MSEK 9.0 (6.7), and the work performed for own account amounted to MSEK 4.5 (2.8).

EBITDA amounted to MSEK -1.5 (-1.2) and the result after tax amounted to MSEK -4.5 (-2.8). Depreciation charges of MSEK -1.0 are related to goodwill arising on the acquisition of Visionists AB.

During the quarter, the Group has continued to invest in software development in the amount of MSEK 4.5. Meanwhile, geographical expansion and supportive sales efforts still impose significant costs for the Group. The development effort has focused on developing the next version of the system, development associated with specific pilot projects, and further development of the SaaS model.

Investments and financial position

The Group's cash flow from operating activities before changes in working capital amounted during the quarter to MSEK -1.7 (-1.4). The cash flow from operating activities was MSEK -3.1 (-1.6).

During the same period, the cash flow from investing activities amounted to MSEK -34.2 (-3.2). For the most part, this can be attributed to the acquisition and to investments in newly developed software. From financing activities, the cash flow was MSEK 27.0 (28.7), primarily attributed to the non-cash issue.

The cash flow for the period amounted to MSEK -10.2 MSEK (23.9), MSEK 4.3 of which being attributable to the acquisition of Visionists AB.

The balance sheet total amounted to MSEK 100.7 (61.9) on 31 March 2019 with a 69.9 percent (54.1) solidity. The company's net debt amounted to MSEK 12.6 (18.0). The group has an overdraft facility up to MSEK 10 in total, which on the balance sheet date remained unused. The MSEK 5 increase in business mortgages constitutes the security for the overdraft facility.

Staff and organization

At the end of the period, the company had 35 (29) employees, 6 of whom were women (6).

Definitions

OPERATING RESULTS

Profit or loss before financial items.

OPERATING MARGIN (PERCENT)

Operating result divided by net turnover (since the operating margin is calculated in accordance with the definition of net turnover in the Annual Accounts Act, work performed for own account is not included in the margin calculation).

SOLIDITY (PERCENT)

Adjusted equity capital in relation to the balance sheet total, expressed in percent.

BALANCE SHEET TOTAL

The total of assets or the total of debts and equity.

NET DEBT

Interest-bearing liabilities less interest-bearing assets and liquid assets.

NUMBER OF SHARES

The number of outstanding shares at the end of the period.

RESULT PER SHARE (SEK)

The result after taxes for the period divided by the number of shares.

THE OBJECT

The object refers to the physical location where a client has installed Irisity's surveillance solution. A municipality may for instance use the system in a number of schools. Each school would then be considered a separate object.

NET SALES

Net sales reflect the company's revenue from goods sold and services performed, with deductions directly linked to the sales for the period taken into account.

R&D

Research and Development.

INVOICING

The invoicing is the sum of invoices issued during the period. To arrive at the net sales affecting the result, adjustments are made for the payments made in advance or in arrears.

PAYMENT MODEL

Depending on their needs, the company's customers can choose between the following payment models:

- Purchase – the customer purchases the equipment and the licenses from Irisity.
- Lease – the customer leases the equipment and licences from Irisity for an indefinite period.
- Payment by instalments – the customer pays the licence by instalments and leases the equipment from Irisity.

These models are almost always combined with a subscription for ongoing services and support.
